DISCARDED EYEGLASSES URGENTLY NEEDED

Those old or unused eyeglasses which many people have lying around the house are urgently needed by the poor the world over, according to May Ellis Olson of Ellis-Olson Mortuary.

Mrs. Olson has volunteered to collect discarded eyeglasses for distribution by New Eyes For the Needy, Inc., a non-profit, non-sectarian organization in Short Hills, New Jersey, whose sole purpose is to help provide better vision for those who cannot afford to buy glasses themselves.

Albany residents who wish to help this worthwhile cause may bring their discarded glasses to Ellis-Olson Mortuary, where they will be wrapped and sent to New Eyes.

According to Mrs. Olson, New Eyes, founded in 1932 by Mrs. Arthur Terry, collects eyeglasses, broken jewelry and pieces of precious metal. The work of sorting, testing, overseas packaging and acknowledging the hundreds of thousands of pairs of glasses received each year is carefully done by volunteers in donated quarters.

All metal-framed glasses and jewelry are sold to a refinery," Mrs. Olson said, "and the redeemed cash is used to purchase new prescription glasses for the indigent. Unbroken (re-usable) plastic-framed glasses are tested and sent abroad to medical missions and charitable agencies that are equipped to dispense them properly."

Mrs. Olson went on to say that metal frames in any condition, unbroken plastic frames (with or without lenses), sunglasses, artificial eyes, cataract lenses and soft case are all needed by New Eyes.

"Unbroken plastic framed eyeglasses and sunglasses are carefully tested and classified by New

Flower Awards For John Pleich

Albany won high honors in the current 1963 California Spring Garden Show — "Valley of the Giants" — recently on view at the Oakland Exposition Building.

One of the most beautiful landscapes of the central Redwood Empire panorama was the entry of Johnny Pleich of Albany Flowerland, who took two major first awards for the natural woodland scenes. He also took a third award for plant composition.

Pleich won the Oakland Business Men's Garden Club cup for "best adherence to theme" with his forest landscaping, featuring a lightning-blasted redwood log, and a profusion of flowering woodland plants, shrubs and trees overlooking a fern-banked brook.

He was also the first recipient of the new Stanley A. Hayes Bronze Medal for "overall excellence," a permanent trophy which was personally presented to him last weekend by Mr. Hayes.

Hayes, a former Berkeley inventor, is the inventor of a garden spray gun now marketed all over the world. The design was perfected in his Berkeley home. The inventor flew up from Los Angeles Saturday in a chartered plane with a group of his fellow members of the Los Angeles Men's Garden Club.

DR. AND MRS. WM. F. GANONG

The four auxiliary buildings at Albany High School have been declared unsafe. They do not meet the requirements of fire and

panic laws, and they fail to measure up to the safe standards specified in the earthquake code. The voters of Albany are now being asked to decide if they want the children of our community to continue studying in buildings that are not safe enough. We feel that it is a "must" to provide safe quarters for Albany youngsters.

The proposal the voters are being asked to approve on May 28 will cost the average home owner only eight dollars a year. The building and remodeling program his money will support is wisely planned. Activities will be re-grouped in a more logical manner in order to strengthen both the

college preparatory and business courses. The business courses are important since almost half of the students graduating from Albany High School do not receive additional formal education.

The space planned in the new Industrial Arts building will make teaching of these courses more efficient. The facilities for teaching science will also be improved. The Federal Government will match funds we provide for the chemistry and physics laboratories.

For these reasons, we will approve the School Bond issue on May 28.

Con

By GEORGE H. JOHANSEN

Attempts of the present Albany School Board and its superintendent to convince taxpayers and parents of students the board is acting to prove they have the interest of the lives of students and teachers at heart, by recent announcement of plans to correct some of the fire and panic safety violations at Marin and Cornell schools, when the summer vacations begin, does not at all justify the boards neglect for not correcting these dangers and hazardous violations last year and the many years before. Chief Brown and former Chief Pimental are required under law, section 13146.3 of the State administrative code to inspect all school buildings at least once each year, and they thus found most of the hazards and dangers of firetrap school buildings five years ago as on their November 28, 1961 inspections.

Maybe the board and superintendent Forry did not feel any moral obligation to provide safe buildings for students, until they discovered in 1961 that some buildings at the high school did not conform to the 1933 Field Act, known as the Earthquake law, or perhaps they felt that salary wages of teachers and members of the administrative staff were more important, and they were willing to gamble no fires would

strike Albany schools.

FOR THE BALL—Taking from her stocking a \$100 bill is Susan McSheehy, President of the Alpha Delta Omega sorority of Contra Costa Col-

lege. Selling the tickets, with obvious relish, are (top to bottom) Fireman R. Courtney and Police Officer Gill Mardilla.

POLICEMEN FIREMEN TO HAVE BALL

The Albany Police and Fire Civil Service Club are holding their 17th Annual Ball for the benefit of the Widows and Orphans Fund.

The annual dance will be held at the Golden Gate Fields Club House where the Circle Bar will be open. The date is May 11 beginning at 9:00 p.m. Music will be by Joe Pallotta and his orchestra. This band is very popular in the area having made many appearances on radio and TV besides playing many of the local nite spots.

Members of the committee for the Annual Dance are Harold Joahnsen, Raymond Gonzales and John Hirtz of the Fire Department with Gil Mardilla and Al Cranfill of the Police Department. Officer Cranfill who is the present President of the Club anticipates this years effort to be the best ever as ticket sales have shown much more activity this year than before.

Gas Tax Bill Passes Senate

Under provisions of Senate Bill 344 (Collier) the city of Albany would receive \$62,180.00 for street construction and rights of way, Richard Carpenter, executive director and general counsel, League of California Cities, said. SB 344 would raise about \$75 million annually for the first five years to meet growing deficiencies of city streets and county roads.

The measure has passed in the Senate and is awaiting Assembly committee action. It would raise the gasoline tax by one cent and provide new revenue at the ratio of \$2 state money to \$1 local money. Carpenter said this city would have to levy an increase in the ad valorem tax by 30 cents to obtain the same amount of revenue under SB 344.

Banker Will Speak To High Twelve

The Albany High Twelve Club will hold its regular Friday luncheon on May 10 at the Red Barn Restaurant, 1742 Solano Avenue. Royce Clayton, Vice President of the Bank of America Main Office in Berkeley, will speak on the subject, "What can the Bank Do For You?" The local club invites members of the Masonic Fraternity and their friends to attend.

EDUCATIONAL AID BILL TEEN DRIVING STUDIED BY ALBANY COUNCIL

Two Assembly Bills were studied by the Albany City Council Monday night, May 6, at the brief Council session; one was given unanimous support, the other tabled for vote for one week to allow further study and consideration.

Two communications pertaining to AB 1722, a Bill allocating education aid monies to school districts with 6% or more students coming from subsidized areas such as University Village, were read at the meeting. One, from Kenneth M. Forry, Superintendent of Schools, requested Council support of the Bill. The other, sent by Robert Profit of University Village, assured the Council that Albany has the wholehearted support of the Village and further that the Alameda County Democratic Committee has ruled to support the aid Bill. The Albany City Council went on record unanimously supporting the Bill.

Beauty, a thing of the past. These are the harbored thoughts of a man with poor vision, says Mard of Albany Pageant Chairman Jay C. Kennedy.

In a step to enlighten the community in this area of thought, the Albany Jaycees will hold a beauty contest that will make the neighboring lassies eyes turn green with envy almost to the point of alienation. For nowhere, but in our fair city, is beauty the rule not the exception.

This year the annual contest will be held May 23rd at the Albany Theatre. To allow maximum participation, the entering date has been extended to May 10th. Entry blanks may be obtained at the Chamber of Commerce office, 1108 Solano Ave. Further information is available from Jay C. Kennedy, 1324 Peralta Ave.

The manly arts of Judo are being taught at the Albany YMCA—the adult class both men and women every Wednesday 7 to 9 p.m. and the boys 10 to 18 years every Thursday 7 to 9 p.m. Instructor Ralph R. Gano of the American Judo Federation is

well pleased with attendance and progress of the students. More people in the 20 and 30 years bracket should take advantage of the physical conditioning skills learned and pleasure in so doing. He said there is always an opportunity for more boys on Thursday evening but most youngsters don't want to give up the time to really develop their bodies.

Eyeglasses

(Continued from Page 1)
Eyes," Mrs. Olson explained. "Simple 'nears and fars' are sent as requested to fill specific orders from medical missions and recognized welfare agencies in such areas as the Philippines, Indonesia, Arabia, Labrador, Burma, Thailand, Haiti, Ceylon, Sarawak, Omu India, and countries in South America and Africa. In these countries, and others, the purchase of needed glasses is an impossibility for many.
"New Eyes is a unique organization," Mrs. Olson said, "because it has never solicited money. Since its beginning, New Eyes has helped nearly a quarter of a million people by converting items useless to the owner into vital sight for others."
The non-profit organization was conceived by the late Mrs. Arthur E. Terry, of Short Hills,

N. J., when she was working as a volunteer in a Red Cross depot in New York City during the depression. She realized that many of the jobless were without work because of impaired vision and had no money to buy glasses.
"The basic philosophy, 'is that service to the poor can be rendered by making the best possible use of the usually discarded items requested. And it's interesting to note that New Eyes' overhead is less than ten percent of its yearly income."
Mrs. Olson said that Albany residents wishing to do so may bring discarded eyeglasses to Ellis-Olson Mortuary at any time it is convenient, or they may simply call the mortuary and arrange for a staff member to pick up their contributions. Shipments to New Eyes, she said, will be made just as soon as a goodly number of glasses has been collected.

Contra Costa and Alameda Counties," said Alex Gaeta, Chairman of the Citizens Committee for the Rapid Reconsideration of the Rapid Transit Taxes.

Gaeta added, "Already we have secured over 50,000 valid signatures, but we need immediately more volunteers in order to secure the 200,000 names required to place the costly BARTD measure back on the ballot."

"Many taxpayers say they are not going to do anything about it," he said. "They expect others to volunteer for the job for them. Since this is a citizen's effort, it cannot be done unless everyone helps and shares his share of the required effort," said Gaeta.

"We need everybody, who is willing to pay high taxes, to circulate and get filled out, at least one petition in their county. They know their neighbors and can contact them much easier than

Letter To Editor

Editor: Albany Times:
Alice F. Sturgis, "world's greatest living parliamentarian," gave her opinion on the actions leading up to my resignation from the presidency of the Albany Homeowners and Taxpayers Association. (I resigned in protest stating that voting by mail was illegal since it was not provided for in the constitution or by laws of the organization.)

When contacted, Mrs. Sturgis, the famous American Bar Association Parliamentarian paraphrased from one of her own books, "Sturgis Code of Parliamentary Procedure," saying, "voting by mail must always be prohibited unless it is specifically provided for in the organization's constitution or by-laws. If such a motion is made, the chair has no alternative but to rule it out of order. The chair cannot accept such a motion even upon a unanimous vote." This decision definitely negates the quoted 23 to 4 majority vote.

We have recently celebrated Law Day in this nation and city. I feel it incumbent upon the Albany Homeowners and Taxpayers Assn., which purports to be a democratic organization, that they abide by their own laws and that law which governs truly democratic organizations, commonly known as parliamentary law.
